

[Verse 1]

I know I ain't perfect, girl, I made mistakes

You stayed when you coulda walked away

Through the thunder, through the rain, you stayed the same

You're my peace when my whole world's in flames

[Pre-Chorus]

Even when I doubted myself (yeah)

You believed in nobody else (no)

Taught me love ain't about conditions

It's about heart, trust, and forgiveness

[Chorus / Hook]

Girl, you love me unconditionally (ohhh)

No matter how hard it gets, you stay with me (yeah)

When I'm lost, you're my destiny (you are)

Baby, you love me, you love me

Unconditionally (oh yeah, ohhh)

Unconditionally (yeah, yeah)

[Verse 2]

Some nights I ain't easy to hold

Words get heavy, silence gets cold

But your arms, they always find my soul

You pull me back before I let go

[Pre-Chorus]

Even when I'm running in fear (running)

You whisper that you're still here (still here)

Girl, you ain't never switching lanes

You love my sunshine and my rain

[Chorus / Hook]

Girl, you love me unconditionally (ohhh)

No matter how hard it gets, you stay with me (stay, stay)

When I'm lost, you're my destiny (you are)

Baby, you love me, you love me

Unconditionally (yeah yeah)

Unconditionally (ohhh, whoa)

[Bridge]

Ain't no mountain too high, no ocean too wide

You and me against the tides, yeah (you and me)

When I fall, you catch me every time

You're the reason I survive

[Final Hook]

Girl, you love me unconditionally (ohhh, yeah yeah)

No matter how hard it gets, you stay with me (you stay, you stay)

When I'm lost, you're my destiny (you are my destiny)

Baby, you love me, you love me

Unconditionally (yeah, yeah, yeah)

Unconditionally (whoa-oh-ohh)

[Outro]

Unconditionally...

(you love me, you love me, yeah)

Girl, it's unconditional...
